

End-user certificate

How to fill it to apply to an individual export license

A- Parties :

- 1) Exporter – please write:
Saint-Gobain Quartz SAS
10 rue des Etangs, 77140 Saint-Pierre-Lés-Nemours
France
- 2) Please write your contact details.
- 3) Please write the contact details of the end-user.
The contact details of your customer or the company which will use the product in the end.
You can write your own contact details again if you don't sell the product (transformed or as it is) to a customer and use it in your research purpose or for internal use only.
If you have numerous end-users, write the contact details of the major one (the one which will use the most materials). If you have several major end-users, you will need to make several end-user certificates.
- 4) Please write the country of the end-use location.
- 5) If you have a contract or an official order, write its number, if you don't have a contract or official order, don't write anything.
- 6) If you have a contract or an official order, write its date of signature, if you don't have a contract or official order, don't write anything.

B- Goods :

- 1) Write the exact designation of the item you want to procure.
- 2) Write the quantity you want for the license and its measurement unit. Please note that you can put **any amount without any obligation to purchase**. The amount you write will be the quantity limit after which you will need to apply to a new export license. If you didn't order the full amount **within 2 years**, the export license will expire and **you won't have to buy the remaining quantity**.
- 3) Give as much information about the application in box B.3. by explaining what end-product you are planning to manufacture with our material and the final device on which it will be integrated or the research you will be conducting with our material. For example: "The Quartzel® material will be used in a fire-proof insulation complex on hot part of civilian aircraft engines. The Quartzel® material is integrated to withstand fire inside the engine for a few minutes"
- 4) Write the end-use location of the final product (can be the end-user location if it is not resold). If there will be a large number of end-use location, write down the broad spectrum of location.

C- Commitments :

- 1) It is **mandatory** to indicate if it would be for civilian use or military use. Please tick YES or NO regarding if it is for **civilian use only** or not. If it is for both civilian **and** military, you need to tick NO.
- 2) It is **mandatory** that the **end-user** (not the consignee) fills the information as explained below:

Je soussigné
I, the undersigned, **Nom et Fonction en toutes lettres - Name and Title of Signer in block letters**

certifie sincères et véritables les informations portées sur le présent document.
certify that the information given in this document is true and accurate.

On the space inside the red circle, the **end-user representative** must write his name and title (position) in block letters

Signature Originale (Signature)	Lieu, Date (Place, Date)	Tampon / Cachet officiel (Company Stamp / Official Seal)
↑	↑	↑
Signature of the end-user representative	Place and date of the signature	Stamp of the end-user

With all those steps, you should have now completed the filling of the document. Please scan and send it to us. All information and words must be **readable, not erased or partially unreadable**. You should receive the information on the decision of the French Administration to authorize or not the license demand within 2 months after we receive the document.

Please note that we are not able to produce the material before the license is accepted. If your payment term is “advance payment” we won’t be able to manufacture the product before we receive your payment.
